The SC / APC connectors Kit provided by **PROMAX** is delivered in a 10 unit batch. To make fibre optic connectors easy to install on field, it includes a holder and a cutting template printed to actual scale. The connectors kit includes 10 fibre holders and 10 cutting templates, one per connector.

*The connectors kits for optical fibre are available as a separate accessory, being part of the **PL-10 connecting Kit**, or part of the **OP-040 fusion Extension Kit**, which includes in a suitcase all the most important tools and accessories to make inexpensive fibre connections.*
